

Registration Renewals Online

Citizens have been requesting their renewals online since 2004 with E-Reg now in over 70 towns and cities. Offered as an add-on to ClerkWorks or integrated with existing Motor Vehicle systems, *any municipality can use E-Reg!* This system is designed to provide “do-it-yourself” functionality, thus maximizing the efficiency of the Town Clerk or City Tax office. E-Reg is a low cost, “pay as you go,” simple and effective solution for the municipality and community.

E-Reg Renewal is easy as 1-2-3

Town of Rye, 10 Central Road, RYE, NH 03870, 603-964-8562 October 12, 2010

For Most New Hampshire Motorists, Online Vehicle Registration Renewal is as Easy as 1-2-3:

There are two ways to complete your renewals online. You may enter your vehicles by plate or use a PIN number provided by your municipality. The PIN can be found either on your renewal notice by mail or email.

Renew by Plate

Renew by PIN

E-Reg is quick, convenient and most of all it is **Safe and Secure**. Currently over 205005 transactions have been processed.

Your registration form and decals will be sent to you in the mail. Your new registration is not valid until you receive them. Registrations are processed during normal business hours of Monday - Friday 8am - 4:30pm

[Get an Estimate](#)

If this is your first time using E-Reg and you need more information then read on.

STEP 1

Enter current registration information. We will need your Plate No, Plate Type and the last 4 digits of the VIN for each registered vehicle. These can be found on your current registration.

STEP 2

Confirm vehicle information. Verify vehicle information, and renewal fee(s). Note the registration will be mailed to the address on file therefore if you have moved since you last registered your vehicle then you will not be able to register online.

STEP 3

Choose payment method and confirm. Select how you wish to pay for your transactions and confirm. Your registrations and/or licenses will be mailed to you within 5-7 business days.

Note that E-Reg is a “pay-as-you-go” system with minimal costs to the community. Each vehicle you process costs an additional fee of 1.50 plus a minimum log fee of .50 per group of transactions based upon the payment type you choose.

Before you begin the OnLine Renewal process, you must:

1. Have your previous registration in hand for each vehicle you wish to register. From there we will need:

Plate No sample
 Plate Type sample
 VIN (Last 4 Digits) sample
2. You will also need a valid Email address

[Frequently Asked Questions](#)

You may cancel your transaction at any point by clicking the cancel button located at the bottom of every page

Begin the Renewal

Opt-Out: The E-Reg servers do not maintain any private information such as address and phone number related to the motor vehicles. If you however wish to [Opt-Out](#) of E-Reg you may do so by using our opt-out option. You may also wish to read our privacy policy for more detail.

Unique Features

Citizen

- Renewal Requests for Motor Vehicle Permits/Registrations of any plate type from any internet access point, at anytime.
- Renewals can be requested by anyone including commercial, corporate or residential citizens.
- Only the town fees, will be calculated and displayed when the municipal agent cannot complete the State portion of the registration for overweight vehicles, APRO plates, etc.
- Multiple renewals can be requested online at the same time with the ability to add or delete additional transactions as necessary.
- And other service payments to one shopping cart
- Detailed, municipal-specific, itemization of all individual charges are displayed for verification by the citizen, “show me the money.”
- Citizens are offered direct e-mail support from Interware’s support team who are well versed in New Hampshire Municipal and State Motor Vehicle laws.
- A confirmation e-mail is automatically sent to the citizen, verifying the renewal information was received.
- PIN numbers can be issued on printed mail-in notices citizens enter their pin for quick, easy access to all vehicles due for renewal. Great for Fleets!
- Comprehensive Frequently asked Questions
- Special messages for specific plate types, i.e. veteran, handicap etc.

Municipal

- Easy to install and setup, regardless of what program is utilized to process registrations. No need to change your software!
- Municipal profile established to define custom verbiage, payment options offered, Town/City logo displayed, etc.
- Municipal and State messages are incorporated into E-Reg to stop the citizen process, if necessary. Revocations are loaded monthly from state files. Red flag messages can be added to any plate to prevent renewal requests from being made online due to parking fines, bad checks, etc.
- Town/City office may access E-Reg renewal requests at any time to process at their convenience. E-Notifications are set up to alert you that transactions are waiting online.
- Local control of the entire process is maintained, including the printing of the registration(s) as well as state and local fee collection.
- Use existing local and state reports to integrate E-Registrations into your day’s business.
- Multiple payment types including credit cards, ACH, e-checks and via mail.
- E-Reg captures and reports back e-mail address, phone numbers, survey results, volume by date range.

Free Self-Help Citizen Services

Estimates

- Reduce phone calls into your office by offering estimates!
- Citizens can request estimates on new vehicles and renewals 24 hours a day, 7 days a week.
- Seamless integration with Blue Book data allows for accurate population of list price and weight, accessible by lookup via VIN or year/make/model.
- Town/City Clerks can utilize the Blue Book data built into estimates rather than paying for the books separately. Make it your tool to look up RV's and heavy trucks!
