

## Property Taxes & Utility Billing Online

**M**aximize efficiency, expand payment options, and streamline the business processes of your tax office by adopting the EB2Gov Property Tax/Utility Billing online application. With EB2Gov your citizens can access their account information and make payments 24 hours a day, 7 days a week.

### How does the data become available online?

- Virtually any municipality can adopt EB2Gov's Property Tax online application while maintaining its current client-server Property Tax/Utility Billing system.
- We will work with your data and Information Technology staff to develop a file that can be uploaded to EB2Gov.
- Uploading your data to EB2Gov is simple and can be scheduled to run automatically, keeping your business rules at the forefront.

### Custom Invoicing Options

- You can offer your citizens the flexibility of two different payment options: Invoice Pay and/or Pay-by Amount.
  - Invoice Pay allows citizens to view their invoices and select the bill they would like to pay.
  - Pay-by-Amount allows citizens to enter a payment amount and the tax office selects which invoice(s) to apply the payment to.

Enter your email address and parcel id. Click on the "Sample Bill" to see where to find your parcel id on your bill. You can choose to pay by invoice or make a partial payment to pay by amount.

Sample Image

Enter your email address (required) and Parcel ID

E-Mail:

Parcel ID #:

**Pay by Invoice**  
Use this option to select which invoices to pay. Your total payment will be calculated for you and applied as you direct.

**Pay by Amount**  
Use this option to enter the amount you wish to pay. Payments will be applied in a manner consistent with rules of the receiving authority.

### Free Self-Help Citizen Services

- Reduce phone calls into your office with the unique features of the EB2Gov Property Tax Center.
- Citizens can look-up property tax information online, such as current tax and interest amount due, as well as variable per diem interest due.
- Individual property information can be accessed via Parcel-ID, owner name or address. Account information renders dynamically for immediate viewing.
- Per Diem interest rates are calculated automatically *according to your business rules*.
- Interest and cost can be calculated as of a specific date and accessed not only by citizens but also by mortgage companies, realtors, banks, etc.
- Citizens have the option to pay their outstanding balance and/or print, download or email their account information.
